 RQ-3 dated May 16, 2002

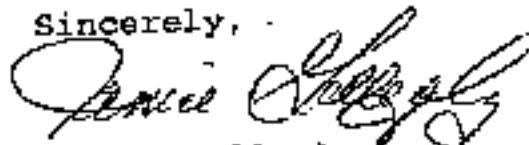

Dear Mr. Gibson:

On April 29, 2002 I called Jill Sugarman, our Reports Analyst, and discussed the inquiry we received (RQ-2 dated April 23, 2002 on our 12 Day Pre-Primary Report 1-1 through 2-13-02).

In that discussion it was determined that the inquiry was an error on the FEC's part. Our report had two Schedule D's. One was in the amount of \$122.00 that was reflected on line 10 as debts owed BY the committee. The other was in the amount of \$1542.00 and reflected on line 9 as obligations owed TO the committee.

Jill apologized for the error and told me in that conversation that no follow-up was necessary on our part. I would appreciate your contacting her to verify the foregoing and we will await further response from you that our report needs no further attention on our part.

Sincerely,

  
 Janice Gallegly
